EAST LAS VEGAS, NEW MEXICO, TUESDAY EVENING, MARCH 31, 1896.

NO. 128

GOV. HUGHES IS TO GO

Enemies of the Governor of Arizona at Last Secure His Removal.

MORE REED DELEGATES

A Steamer Landed in Cuba in Violation of the Neutrality Laws.

NEWS FROM ALL SOURCES

WASHINGTON, D. C., March 31.—The president yesterday sent to the senate the nomination of Benjamin J. Franklin, of Arizona, to be governor of that Territory. The term of the present governor, Hughes, would not have expired until April 1st, 1897. The appointment of Franklin is, no doubt, the result of bitter factional fight.

PHOENIX, Ariz., March 31.—Territorial Secretary Bruce attempted to secure the keys and records this morning from Governor L. C. Hughes, but the latter refused to surrender them until his successor shall have been confirmed by the senate.

Assigned.
BETHLEHEM, Pa., March 31.—The Cutter Silk manufacturing company has assigned. The liabilities are large.

An Inhuman Order.
ROME, Italy, March 31.—The king of Abyssinia has ordered the slaughter of all sick and disabled prisoners who were captured during the battle with the Italians.

Harrison Off.
INDIANAPOLIS, Ind., March 31.—General Benj Harrison left this city for New York, this afternoon, where he will be married to Mrs. Dimmick, next Monday, April 6th.

Cotton Mills Closed.
COLUMBUS, Ga., March 31.—Two large cotton mills have been closed here, on account of the strike of a portion of the employees. Fifteen hundred men are idle in consequence.

Home Abandoned.
LONDON, England, March 31.—A thousand people were compelled to abandon their homes in the west part of London by the bursting of the dike along Thames river, on account of high water.

Measuring for an Attack.
LONDON, March 31.—Advices from South Africa are to the effect that the Matadela, who are well armed, are measuring for an attack on the British and Bulawayo is endangered, on account of the deficient supply of arms.

Urging Admission.
PHOENIX, Ariz., March 31.—The democratic and republican executive committees have wired a petition to the congressional committee on Territories, urging admission as a state, as Arizona has all the requirements for self-government.

Destructive Floods.
NEW YORK, N. Y., March 31.—The floods in the interior of the state continue very destructive. The Mohawk river threatens to completely stop travel on the New York Central road. At Newark, their tracks are under six inches of water.

Landed in Cuba.
CHARLESTON, S. C., March 31.—Positive evidence has been secured that the steamer "Commodore" with a cargo of arms on board, were not shown overboard, but were safely landed in Cuba. The vessel will be seized for a violation of neutrality laws.

A Trade Movement.
CHICAGO, Ill., March 31.—The national association of manufacturers, as a result of a proposal broached at the recent convention of the organization in this city, has a movement well under way, having for its object the stimulation of trade between the United States and the countries of South America. A corps of trained men will shortly be sent by the association to visit all of the important cities of South America for the purpose of studying the requirements of those markets and to establish agencies for the sale of American goods.

Another Royal Wedding.
LONDON, England, March 31.—The dressmakers and milliners in the aristocratic portion of the metropolis are in a flutter of excitement over the announcement that the marriage of the Princess Maud, of Wales, youngest child of the Prince and Princess of Wales, and the Prince Charles, second son of the Crown Prince of Denmark, has been definitely set for the first Wednesday in July. The wedding will be a state one in the Chapel Royal attached to St. James' palace, and it is calculated will involve an expenditure in all details of not less than \$5,000,000.

Championship Contest.
CHICAGO, Ill., March 31.—Considerable interest is manifested in athletic circles in the championship contest which takes place to-night between Louis Cyr and August W. Johnson, the noted "strong man," which takes place at Central Music hall. Beside the honor attached to the victory, the unsuccessful contestant takes a prize of \$1,000. The articles provide that the one who shall lift the greatest number of pounds, aggregated from all the feats performed in the contest, shall be declared the winner. It is also provided, in order to avoid any possible trickery, that each man shall have the privilege of borrowing and using the other man's paraphernalia to perform any particular feat, if he is so disposed.

A Place For Him.

NEW YORK, N. Y., March 31.—A dispatch from London says: The fact has leaked out that before her departure for the continent, after a consultation with the Princess of Wales and the premier, the queen decided upon plans for the future for Prince Alexander Albert, of Battenberg, the eldest child of the union of the Princess Beatrice and Prince Henry, of Battenberg, who recently lost his life from fever incurred in the Ashanti expedition. According to the decision reached, the offices of captain general of the Isle of Wight and constable of Carisbrooke castle, which were filled by the late Prince Henry, and to which are attached salaries and fees aggregating \$40,000 yearly, are to remain vacant until Prince Alexander, who is now eleven years old, reaches his eighteenth year, when he will receive the appointment. For the next two years, he will be a pupil at Mr. Rawley's school, at Park Hill, near Lyndhurst, where his cousin, the young Duke of Albany, is also a scholar. Here he will be fitted for entrance into Oxford university.

Another Road Crowded.

CONCORD, N. H., March 31.—"Tom Reed and bimetalism" is the slogan of the republicans in the Granite state, who are assembled in state convention here, to-day, for the selection of delegates to St. Louis. Prior to the hour for the commencement of business, the attitude that should be taken on the money question was vigorously discussed by the groups of delegates in the rotundas of the hotels. The charges are, however, in favor of a general sound money plank; and it is understood that Senator William E. Chandler, who will be the temporary and permanent chairman of the convention, has such a plank already drawn up.

The convention was called to order by Hon. Stephen S. Jewett, of this city; and Senator Chandler, upon being introduced as temporary chairman, made a rousing address, his reference to Speaker Reed as an available presidential candidate, being applauded again and again. The delegation to St. Louis, which will be headed by Senator Chandler, will be instructed for the speaker.

Congressmen Re-nominated.
DECATUR, Ill., March 31.—The republican convention for the seventeenth congressional district, to-day, re-nominated Congressman James A. Connolly, of Springfield, and who two years ago after a bitter fight, defeated Hon. William M. Springer, by nearly \$3,000 plurality.

MATTOON, Ill., March 31.—Hon. Benson Wood, (republican), who in 1894 defeated Hon. George W. Fithian, by a plurality of 1,300, was, to-day, re-nominated by acclamation by the republican congressional convention of the nineteenth district. He was not present to express his appreciation, having preferred to stay in Washington, in order that he might keep up the record he has made of being in his seat in the house every day since the opening of the recent session.

ZANESVILLE, O., March 31.—Hon. Henry C. Van Voorhis, of this city, was, to-day, re-nominated for a third term by the republican congressional convention of the fifteenth Ohio district.

Republican College League.
CHICAGO, Ill., March 31.—Telegrams received at the headquarters in the Auditorium hotel, to-day, say that the advance guard of delegates to the annual convention of the American republican college league, which opens on Friday, will commence to arrive this evening, and to-morrow morning. The local committee of arrangements in session to-day, received final assurance that Governor Bradley, of Kentucky, Senator Thurston, of Nebraska; Congressman McCleary, of Minnesota, and ex-Minister Robert T. Lincoln, will speak at the banquet on Friday evening. Senator-elect Wellington, of Maryland, and Hon. J. P. Dolliver, of Iowa, both of whom have been expected, will not be here.

The Travelers' Association.
TERRE HAUTE, Ind., March 31.—Reports received from all quarters indicate that the coming convention of the national travelers' protective association will be the largest in the history of the organization, and as a consequence the local committee on arrangements is actively engaged in preparing for the entertainment and accommodation of the delegates. There was some opposition to the choice of Terre Haute for the national convention on the ground that the city could not properly care for so large a gathering, but the arrangements being made by the local branch give ample assurance that every visitor will get three meals a day and a good bed to sleep in.

WANTED—AN IDEA. Who can think of a better plan than to have a man who shall lift the greatest number of pounds, aggregated from all the feats performed in the contest, shall be declared the winner. It is also provided, in order to avoid any possible trickery, that each man shall have the privilege of borrowing and using the other man's paraphernalia to perform any particular feat, if he is so disposed.

THE WAY IN CHICAGO

Forty-Five Thousand Names Fraudulently Registered for the City Election.

TAYLOR BOYS MUST HANG

Data Wanted as to Losses by Diversion of Waters of the Rio Grande.

FIVE CUBANS GARROTED

CHICAGO, Ill., March 31.—Forty-five thousand names have been stricken from the registration lists here as fraudulent.

Sentence Affirmed.
JERSEY CITY, Mo., March 31.—The state supreme court has affirmed the sentence of the Taylor brothers, who were convicted of the murder of the Meek family, and sentenced to hang April 30th.

Saloon Keepers Fined.
WICHITA, Kansas, March 31.—Three saloon keepers were to-day fined \$100 and costs for selling liquors on Sunday. The chief of police informed the violators of the law in open court that they would not be arrested hereafter, but they would have their fixtures demolished with sledge hammers, if they again violated the law.

An Important Inquiry.
EL PASO, Texas, March 31.—Congressman Cookerell has sent to this city for data relative to the losses sustained in the Rio Grande valley from the diversion of water for irrigation purposes in Colorado. Efforts are being made for joint action of the two governments to settle the water question by the construction of the proposed dam and reservoir.

Publicly Garroted.
HAYANA, Cuba, March 31.—Five Cuban murderers and robbers were publicly garroted, this morning, with horrible brutality. The bloody work begun by the executioner's assistant, who so bunglingly performed it that the horrified spectators insisted that the executioner himself should officiate. He did and he made most ghastly work of it. Finally, he had to utter disgust, leaving others to complete the deadly performance.

Our Active Navy.
WASHINGTON, D. C., March 31.—Although the spirit has vanished and the bellicose talk of congress has subsided there is still apparent about the navy department an air of unusual activity, which has been communicated to the various shipyards, where vessels for the United States navy are at present undergoing construction. Rumor has it that Secretary Herbert is exceedingly anxious that all of the vessels now under construction shall be completed before the expiration of his term of office a year hence.

A Three-Cornered Contest.
SPRINGFIELD, Ohio, March 31.—There is a three-cornered contest to-day in the republican congressional convention of the seventh Ohio district, now represented at Washington by Hon. George W. Wilson. There are three candidates, ex-Senator T. J. Pringle, George P. Fry and Walter L. Weaver, the latter being a strong Keifer man. Several of the county delegations are split, and as a result the nomination will probably be thrown to Colonel Orr, of Piqua, who is a warm friend of Governor Bushnell. The convention will also select delegates to St. Louis, and Alfred S. Kelly, the millionaire manufacturer and adherent of the Bushnell wing of the party, is pitted against ex-Speaker General Warren Keifer.

C. H. Kickerbocker, brother of Baggageman Kickerbocker, of Las Vegas, has been nominated for city engineer, up at Trinidad. On the republican ticket, of course.

A Series of Joint Debates.
AUGUSTA, Ga., March 31.—The first of the series of joint debates arranged between ex-Speaker Crisp and Secretary Hoke Smith, and which is regarded in some quarters as a precursor of a fight between the two for the senatorial toga to be awarded by the next session of the Georgia legislature, is to take place here, to-night. The financial question is the waste issue chosen as the subject of debate. The secretary of the interior is expected to voice the sentiments of the administration, while Judge Crisp will respond with an expression of the views he has already made plain on the floor of the house of representatives. The second of the series of debates is scheduled to take place in Atlanta, next Saturday night.

TRACK AND TRAIN.

A section foreman from Corralles is under treatment for rheumatism at the Las Vegas hospital.

Supt. J. E. Harley and Stenographer Etter went north, this morning, on No. 2, in special car No. 105.

The mother of Mrs. Jerry Quinn, he night operator at Glorieta, went down to that mountain town, last night.

F. E. Shellenbarger and twenty-five excursionists passed through Las Vegas for California points, last evening.

Brakeman White is at the Las Vegas hospital with a sprained ankle, he having fallen off a box car, down at Albuquerque.

Firemen Wones, Bendler and Binder, will leave Raton for Topeka, in a few days, to be examined for promotions to the right side of the cab.

President J. J. Hagerman, of the Pecos Valley railroad, came up from the south, on the early morning train, in his special car, "Hesperia," accompanied by his wife and Director Olin, en route for Colorado Springs.

Frank Trumbull, receiver of the U. P. Denver & Gulf road, has filed in the district clerk's office in Las Vegas a statement of the cash receipts and disbursements for the month of February, 1896, showing a balance on hand, March 1st, of \$314,704.53.

It is again reported that the Atchison railway is to take off its "dye" between Chicago and Los Angeles. The train is the most popular, as well as the fastest, overland express in the world, but it is claimed that it will be abandoned on May 1st. It is thought if the train is taken off, it will only be for the summer months, when California traffic is light.

ON A TONNAGE BASIS.
On April 1st the plan of rating Atchison engines by the number of cars will be abolished, and all freight engines will be rated on a tonnage basis. This is the purpose of a circular just issued by the general superintendent's office, and means that in the future a freight train will consist, not of a stated number of cars, but of so many tons.

Rate sheets have been prepared showing the capacity of each class of engines in gross tons over each section of the road, and cards showing the gross weights will be attached to side of loaded cars. After April 1st all freight trains on the Atchison system will be made up in accordance with the rate sheet.

W. S. Williamson, a former book-keeper in Tax Office office, is said to be succeeding finely at farming in the suburbs of Emporia, Kansas, and he is also fulfilling the scriptural injunction to multiply and replenish the earth. He sends to a friend in this city photographs of his three little boys, named and aged respectively: Maxie, five and one-half years; Randolph, two and one-half years; and Benck, one year, and adds that he will one day have plenty of help on the farm, without going outside of the family.
